The information contained in this booklet (including various events, sporting and cultural activities, thermal baths, and the swimming pool) may be modified and/or cancelled.

Being at La Genèse means being a naturist, and also to commit to the basic values of naturism, such as nudity, self-respect, respect for others and for the environment.

Respect our values!

Basic guidelines to gracefully respect:

- The naturist dress code (complete nudity) is required at the river, at the swimming pool, at the showers.
- Everywhere else on the park of La Genèse the fashionable way of dressing is... the naturist wear!
- If weather conditions, hygienic or safety reasons impose dressing, we prefer sobriety; large cloths or sportswear.
- Respect the naturists who are embarrassed by the presence of dressed people, and do not unpack: bathing suits, bikinis, thongs, and all other accessories unnecessary at La Genèse... because appearance is not important, and do not forget that eroticism has nothing to do with naturism.

NATURIST VALUES

- Parents intervene and persuade young people to respect the naturist wear, despite the temptation to seek protection or adornment of clothing.
- Living naturism at La Genèse is living in freedom, which is first and foremost accepting and respecting the rules that guarantee freedom of others.
- Protecting our children means limiting the use of motorised vehicles and limiting our speed.
- Make your children aware, when taking a bike trip, of the dangers to reduce the number of accidents.
- Avoid smoking in inappropriate public areas and certain natural areas and most of all pick up your cigarette butts.
- Reduce the volume of your radio on your pitch or in your car.
- Do not under any circumstances speak loudly or make noise, especially after sunset.
- Respect the material available to you and the infrastructure of the centre.

RESPECTING YOURSELF & OTHERS

We are all concerned, so let's participate together in naturism sustainability at La Genèse and the protection of the profound values they represent.

Naturism goes hand in hand with respect and responsibility. Please sort your waste, save water, and limit pre-packaged food. Waste sorting helps preserve natural resources and reduces environmental impact.

Sort your garbage

La Genèse helps to protect the environment and as such has garbage sorting bins (glass, paper, and packaging). Thank you for observing and respecting the symbols that are displayed.

Household garbage must be put into the plastic bags which are provided and disposed in the green bins.

On the campsite, 3 garbage containers are available on the campsite: behind the Génésium, at the entrance of the "Sauvage area" and at the entrance of the "Acacias area". Compost bins are also available at these points.

All other garbage (green waste, scrap metal, bulk) must be taken by yourself to the dump at Plate-forme déchets of Méjannes-le-Clap.

Opening time:

- Mondays – Wednesdays – Fridays from 8am to 12am and from 2pm to 5pm
- Saturdays from 9.30am to 11.30am

Tél. 06 74 14 27 91

Water is precious, let's not waste it!

It is not allowed to wash cars. Please watch your children when taking a shower, to make sure they do not play too long under the water and do not use too much hot water.

Please, close the tap if possible when washing yourself or doing the dishes.

Saving energy

Please do think of switching off the lights, to lower the heater and to switch off the TV when leaving a room.

GREEN KEY LABEL

In a bid to subscribe to a well-considered environmental approach, La Genèse has been awarded the "Green key" label

In order to keep our links with nature, let's adopt Eco responsibility.
